ASSEMBLY ADJOURNS AFTER FRUITLESS DAY

First Day's Meeting of General Assembly Brings No Results

TEN BALLOTS ARE TAKEN

Tice Leads Race for Speaker, M'Laughlin Second and Carter Third

CONVENE AT TEN A.M. TODAY

SPRINGFIELD, ILL., JAN. 8.—Both houses of the Illinois legislature adjourned, after meeting today for the convening of the forty-eighth general assembly, without having perfected even a temporary organization. With the election of two United States senators, a threatened revolution in rules in procedure and other important matters at stake, the house proceeded through ten roll calls in a deadlock over the speakership.

Roger C. Sullivan of Chicago, former Democratic national committeeman from Illinois personally directed the fight in behalf of the candidacy of Representative John J. McLaughlin of Chicago for speaker. McLaughlin is under Governor-elect Dunne's disfavor.

The leaders throughout the balloting were Homer J. Tice of Greenview with the fifty Republican votes in the house solid behind him; John J. McLaughlin was in second place with twenty-seven votes from the Democratic side and Joseph Carter of Champaign, Progressive was third with the twenty-five Progressive members voting for him.

Six Democratic and six Republican senators went into conference tonight in an effort to reach an agreement that will result in a bipartisan organization of the senate. It is reported the plan contemplates a division of senate honors, but in appointments and committee assignments, probably with Walter I. Manny, Democratic leader, as president pro tem and Logan Hay, Republican leader as chairman of the executive committee.

Three ballots for speaker of the house was taken this afternoon without final result and at 2:35 o'clock adjournment was taken until seven.

Homer J. Tice, of Greenview the Republican nominee received the highest vote, polling the solid Republican strength, fifty on each of the three ballots taken.

The ballots follow:

Name.	First	Second	Third.
Tice	50	50	50
Rapp	13	14	13
McLaughlin	24	25	29
Karch	14	14	15
Carter	25	25	25
Stedman	4	4	4
Ryan	7	6	2
Totals	151	152	152

Tenth Shows No Change.

The house adjourned at 10 o'clock tonight until 10 o'clock tomorrow without choosing a speaker.

Ten ballots were taken—three this afternoon and seven at the night session. There was practically no change from the vote taken on the first ballot.

The tenth ballot resulted:

Tice	50
Rapp	12
McLaughlin	27
Karch	15
Hubbard	14
Carter	25
Stedman	4
Ryan	2
McKinley	3

THREE KILLED IN WRECK ON VANDALIA ROAD

Trains Collide in Union Station at Terre Haute Through Mistake in Signals.

Terre Haute, Ind., Jan. 8.—Trains No. 8 and 20 on the Vandalia railroad collided at the end of the union station sheds this afternoon and two men were killed and one seriously injured.

The dead are:

Clyde Smith, St. Louis, baggageman.

G. N. Rudd, a stockman of Marshall, Ill.

Both trains were east bound.

The two dead negroes were pinned in the wreck of the day coach on the rear of No. 8, and it was some time before the bodies were extracted. Many passengers were badly shaken up. The wreck was caused, it is said, by a mistake in signals

ARGUE WHITE SLAVE LAW.

Washington, Jan. 8.—Questions as to the constitutionality of the white slave act today were submitted to the supreme court with oral argument on several cases arising under it. One was the case of Jack Johnson, the negro pugilist. Solicitor General Bullitt had intended to speak on the Johnson case but changed his plans and submitted the case against Johnson in printed brief.

FRANK CHANCE AN AMERICAN LEAGUER

PEERLESS BASEBALL LEADER WILL MANAGE NEW YORK TEAM

Surrenders When $25,000 Yearly Salary and Bonus Are Offered—Contract Runs For Three Years—Plans Already Under Way for Chance Day in Chicago.

CHICAGO, Jan. 8.—The American league brought out its heaviest battalions today and captured Frank Chance. The "Peerless Leader" was signed to manage the New York club at a salary and interests which amounts to $120,000 for the three years for which he signed—the greatest sum ever paid a baseball player. Of this sum $75,000 is salary and the remainder the estimated value of five per cent of the neat earnings of the club.

Both Farrell and Manager Chance kept secret the actual details of their conference. Chance candidly admitted that he had suffered a changeof heart since he arrived in Chicago after his 2,000 journey from the coast, and said he had been offered terms which no man in his right mind could refuse.

Chance will assume active management of the team Feb. 11th, when he will reach New York to attend the American league meeting. He will then arrange the details for the training trip. The New York club will have its spring workout in Bermuda, where Farrell has engaged a cricket field for the diamond practice.

Plans for "Chance Day" in Chicago are already under way. The New York team will make its first appearance at Comiskey park in May and its new manager will then be honored here. American league leaders, including President Johnson, Charles Comiskey of the Chicago club and others openly rejoiced at the acquisition of the "Peerless Leader."

SHAW SOUNDS WARNING AS TO CENTRAL RESERVE BANK

Former Secretary of Treasury Testifies Before Glass Sub-Committee—Prof. Laughlin Also a Witness.

Washington, Jan. 8.—An emphatic warning from former Secretary of the Treasury Leslie M. Shaw that a central reserve bank such as proposed by the national monetary commission would be controlled absolutely by Wall street and a technical discussion by Prof, J. Laurence Laughlin of the University of Chicago, of the operation of the proposed divisional reserve of banks, featured today's hearing before the Glass subcommittee of the house banking and currency committee. The committee will hear no more bankers and economic experts for the present at least. Representative business men of various sections of the country are next on the list of those invited to give their views of the necessity for banking and currency reform. D. J. Endy of Philadelphia, chairman of the executive committee of the National Credit Men's association, and others will be examined tomorrow.

WOMAN SUPPOSEDLY POOR TO GIVE FORTUNE TO ATTORNEY

Mrs. Noble of East St. Louis Makes Gift to Adviser of $24,000—Wants to Keep it From Her Nephews.

St. Louis, Mo., Jan. 8.—Mrs. E. R. Noble of East St. Louis, 84 years old after living in apparent poverty for years, has given Samuel L. Isbell, a St. Louis lawyer, a fortune of $24,000, the existance of which she had concealed from friends. The matter became public to day. Mrs. Noble's reason for making the gift was to prevent her two nephews from getting it.

The matter was investigated by O'Neill Ryan, former circuit judge, who at the request of Mrs. Noble drew up a declaration of trust, with Attorney Isbell named as chief beneficiary. Isbell at various times had been Mrs. Noble's attorney. The declaration of trust provides for the support of Mrs. Noble. She now is in an infimary in East St. Louis.

DECATUR PUBLIC MARKET A FAILURE

Decatur, Ill., Jan. 8.—After 15 months trial, the public market has proved a failure in Decatur, according to Mayor Dinneen in a statement today and probably will be abandoned.

The market was established in response to a cry of producers that their produce was rotting because the stores would not buy it. Farmers and hucksters in the public market have charged prices as high or higher than those asked in stores and in addition, have not delivered goods at houses.

GREY MAKES PROPOSAL TO POWERS

Constantinople, Jan. 8.—Sir Edward Grey the British foreign minister has submitted to the powers a proposal preserving Adrianople to Turkey according to a statement made today. The retention of the city will be subject to the dismantling of the fortifications and sundry economic restrictions. It is understood that the proposal stands a good chance of acceptance.

WILL RE-OPEN SMOOT CASE.

New York, Jan. 8.—The executive board of the National Congress of Mothers today decided to ask the United States senate to re-open the investigation of the right of Senator Reid Smoot of Utah to his seat in that body.

HOLDS CONFERENCE WITH SENATORS

Discusses Cabinet Possibilities With Gore and Hoke Smith

WANTED THEIR VIEWS

Talk Over Thoroughly Whole Ground of an Extra Session Program

ARRIVE AT NO CONCLUSION

TRENTON, N. J., JAN. 8.—President-elect Wilson sat for three hours in his office here today in conference with Senators Hoke Smith of Georgia and Thomas P. Gore of Oklahoma. Mr. Wilson declared tonight that besides talking over a number of cabinet possibilities he had discussed a program for the extra session, including tariff and currency legislation with the senators. Both senators departed with their lips sealed. From the governor alone they said could information be obtained. The president-elect spoke of his conference only in general terms, stating that no conclusion had been reached.

"We discussed, as do all my visitors," he said, "all the names for the cabinet I could think of, just to get their views."

The president-elect was questioned as to details of his conference but said merely that he had discussed the whole ground of an extra session program. Reiterating that he had arrived at no specific conclusions he added:

"I am sincerely seeking to get the point of view of these men. I am not asking for conclusions, but merely want to talk things over with them."

The president-elect was asked, in view of the prominence of both Senators Gore and Smith in the proposed plans for a re-organization of senate commmittees, and the abolishing of the seniority rules, whether that subject was discussed.

"I don't bring that matter up unless my callers do," he said. "Senator Smith simply said he thought they were in the way of a satisfactory solution in the senate of the difficulty. They make a point of not involving me in the matter."

Mr. Wilson indicated also during the day that he preferred not to interpose his influence in the re-organization of senate committees anymore than he cared to in connection with the talked-of abolition of the seniority rule in house committees.

POLICE IN TAXIS LOOK FOR CHICAGO AUTO BANDITS

Sharpshooters Armed With Rifles Scour the City in Search of Hold Up Men of All Description.

Chicago, Jan. 8.—Ten policement, selected from the best marksmen on the force, tonight were armed with long range riffes, placed in four taxicabs and instructed by Captain Halpin to scuor the city in search of hold up men of all descriptions. He especially warned them to be on the lookout for motor car bandits, but told them also to watch for perpetraters of petty robberies.

The captain's action followed his conviction that in the four men arrested Sunday and Monday he had only captured one of the automobile bandits. That one, he says, is Herbert Saucier, alias Cattlith.

"If you meet motor car bandits whose cars are speedier than yours," the captain told his men, "use your rifles. Don't be afraid to shoot."

One taxi-cab was sent to the north side, two to the west and the other to the south.

UNCOVER GIGANTIC SWINDLE.

Cincinnati, O., Jan. 8—A man giving the name of Harry Vokolke was arrested here today and is being held by the police on suspicion of being connected with a gigantic swindle of foreigners and immigrants during the last two years. The police assert that more than a quarter of a million dollars has been realized as the result of the swindle.

It is alleged by the police that the principal in the swindle, besides dealing in stocks and bonds on which he realized heavily from foreigners who had not been in this country long was the agent of the Greek Catholic union, an insurance company with headquarters at Homestead, Pa. The police claim that he organized a gang, insured fictitious people, paying the assessments on these for five or six months and then turning in a report of their death. The certificates of death, burial and the undertaker were forged and presented to the company who immediately paid the insurance.

ELECTED FORESTRY CHIEF.

Washington, aJn. 8.—The American forestry association today elected Henry S. Drinker, president of Lehigh university, president. Also a long list of vice-presidents among them Thomas L. Marshall of Illinois.

DENY ARMY INCREASE BILL.

Berlin Jan. 8.—All knowledge of a repoted measure for the increase of the German army is denied in semi-official circles.

RECOMMEND NEW MARRIAGE LAWS

NEW SET OF DIVORCE AND MARRIAGE LAWS URGED

Laws Are Similar to Those Drawn By California Jurist—Mass Meeting Will Soon Be Held in Chicago.

CHICAGO, JAN. 8.—Passage of a set of divorce and marriage laws similar to those drawn up by Judge Walter Bordwell of Los Angeles was urged in a report of a committee adopted today at a meeting of persons who have undertaken to put Illinois in line with the uniform divorce law movement.

The Bordwell plan provides that applacinats for a marriage license must reside in a county fifteen days before applying for a license, give ten days notice of application, present affidavits making them liable for perjury in case they have sworn falsely, and requiring divorced persons to give full details of their separation.

The divorce section of the bill proposes that the state's attorney be present at all suits to prosecute the case in behalf of the state and search for possible fraud. It also provides that no court shall be able to enter a decree in any case until thirty days after the states or district attorney's office has been notified.

Many widely known Chicagoans are interested in the work and plans for a mass meeting are under way.

Another meeting of the committee will be held Jan. 22nd.

LEAPS IN FRONT OF ELEVATED TRAIN BUT IS ONLY BRUISED

Man Without Money, Home or Friends Attempts to Commit Suicide in Chicago.

Chicago, Jan. 8.—Andrew Krawazyk, hungry and without only a nickle in his pocket, spent his last cent tonight to gain admittance to an elevated station in order that he might leap in front of a train and kill himself. He jumped, but was not injured severely. Tomorrow the police said, they will arrest him on a charge of disorderly conduct.

The station platform was crowded with women and children when Krawazyk muttering, pushed his way through the throng and approached the tracks as near as he could. When a train came abreast of the platform he leaped. Part of one car passed over him but when the guards pulled him out he was bruised only slightly.

"I have no place to live, no work and no friends", the man explained to the police.

COMMITTEE INVESTIGATES MEXICAN CONDITIONS.

New Orleans, Jan. 8.—The senate committee, investigating Mexican conditions, heard testimony today concerning contributions which were made to the Madero revolutionary fund in 1911, through New Orleans agents. Ferdeino Freija admitted that he handled a check for $30,000 in April, 1911, which he said represented a contribution made by a mahogany firm of Yacatan. The money was paid to Pino Saurez, now vice-president of Mexico, according to Freija.

Senator William Alden Smith, chairman of the committee who is conducting investigation here, questioned Freija closely and learned that when this contribution was received the Madero revolution was hard pressed for war funds. Freija told the committee of a number of shipments of arms and ammunition which he had made within the last year to the Madero faction in Mexico, and declared that a shipment was made with the knowledge and consent of the Washington administration.

UNIONISTS DROP FOOD TAX PLANK FROM PLATFORM.

London, Jan. 9.—Tariff reform, so far as it involves the taxing of food, is on the eve of final disappearance as a plank in the Unionist policy. At a meeting of Unionists in the house of commons yesterday a memorial was drafted and addressed to Andrew Bonar Law, leader of the opposition in the house of commons, advocating the policy of abandoning the food taxes at the next general election and urging that if the Unionists ere returned to power they should call a conference of the colonies to decide how imperial preference should be established. The memorial also sets forth that if the plan is adopted by the colonies should involve the taxing of food no action should be taken until the country had again been consulted by referendum or by a general election.

MAY STRIKE OR ARBITRATE.

New York, Jan. 8.—To arbitrate or strike a strike vote was the alternative tonight confronting the representatives of 24,000 firemen on fifty eastern railroads. Through their conference committee the managers of the railroads rejected this afternoon the firemen's proposal to arbitrate under the Erdman law their demands for increase pay and other concessions. The railroads made counter propositions which the committee was not ready to accept.

KILLS WIFE BECAUSE SHE SUES FOR DIVORCE.

Salt Lake City, Utah, Jan. 8.—Angered because his wife had brought suit for divorce against him for non-support, Christian M. Christensen went to his home tonight, killed his wife and mortally wounded himself. The tragedy was witnessed by the couple's three small children.

DISCUSS FAULTS IN BANKING LEGISLATION

Comptroller of The Currency Murray Testifies Before Committee

ACT NOW INADEQUATE

Murray Asserts That The Present Act is Ineffective and Inadequate

FURNISHES MUCH DATA

WEDNESDAY IN CONGRESS

Senate.

Convened at noon.

Resumed consideration of omnibus bill.

Final argument of house managers in trial of Judge Archbald begun before court of impeachment.

Adjourned at 6:04 p. m. until noon Thursday.

House.

Convened at noon.

Considered miscellaneous legislation.

Tariff revision hearing on earthenware and glassware schedule begun by ways and means committee, Chairman Underwood announcing that present tariff on potteries probably would be unchanged.

Loans and securities of national banks formed subject of inquiry of "money trust" investigating committee.

Former Secretary of Treasury Shaw testified at Glass currency reform committee's hearing.

Alleged Brazilian pool of shipping trust was again subject of inquiry before merchant marine committee.

Military affairs committee completed appropriation bill carrying $93,830,177 and will report it after passage of Indian and postoffice appropriation bills.

President Taft in special message urged $250,000 appropriation for continuance of work of economy and efficiency commission.

Repeal of act prohibiting for five years killing of fur seals on Pribilof Island as urged by President Taft in special message.

Representative Dupre introduced a bill providing for celebrating the 100th anniversary of the battle of New Orleans in 1915.

Adjourned at 5:28 p. m., until noon Thursday.

WASHINGTON, JAN. 8.—Faults in the national banking laws were discussed today before the house money committee by Comptroller of the Currency Lawrence O. Murray. Mr. Murray spent more than three hours under examination by Samuel Untermeyer, counsel for the committee and agreed with many of the criticisms of the national bank act advanced by Mr. Untermeyer.

He asserted that the act as at present constituted was "ineffective and inadequate."

Mr. Murray furnished the committee such data from his office as President Taft had directed him to supply which, however was but a small part of the information which the committee asked the comptroller to furnish.

Mr. Murray condemned without reservation the practice which he said was a growing evil, of directors or officers of national banks, accepting personal compensation, from borrowers to whom the funds of the bank are loaned. He said that legislation should be passed providing for 'criminal prosecution" of the practice. He favored a provision of law which would prevent the stockholders of banks transferring their stock on the verge of collapse of their banks, and he also endorsed the scheme to force banks to make public the list of securities held as assets by national banks.

Publicity of lists of stockholders in national banks, he said would be beneficial.

Marine Combination.

Testimony about "a shipping combination that controlled the commerce of the seas with a stronger grasp than any combination which ever exister in the trade between the states was presented today to the house merchant marine committee.

Shippers told of being at the mercy of combination. The former agent of one so-called "conference" or combination lines, related the methods of keeping independent lines out of the trade of pooling profits and of dividing territory.

W. H. Douglass, of the New York exporting firm of Arkle & Douglass, one of the witnesses declared that a combination of German and British lines existed, controlling the ocean, and that the ship managers in London were able to direct the course of trade at their will.

Begin Arguments.

Judge Robert W. Archbald of the United States commerce court sitting with his attorneys before the bar of the senate today heard his conduct and his integrity as a judge arraigned in bitter terms at the opening of the arguments that will terminate the impeachment case brought against him by the house of representatives for alleged misconduct in office. Representative John A. Sterling, of Illinois, his interrogator yesterday in the cross-examination before the senate summing up today the case against Judge Archbald, declared that it showed him unworthy of public office; and convicted him of a "system of conduct which he has carried on with the railroads, so rank that it "swells to Heaven."

The day's proceedings were devoted entirely to the opponents of Judge Archbald. It probably will be late tomorrow before his attorneys take the floor to answer the charges and to sum up the defense which has been made out by the witnesses before the senate.

LONE SURVIVOR TELLS OF SEAMEN'S DEATH

EXPLAINS HOW CREW OF STEAMER ROSECRANS MET DEATH

Man at Wheel Mistook North Headlight For Lightship Anchored Off the Columbia and Steered the Vessel on the Rocks.

'ASTORIA, ORE., JAN. 8.—How the seamen of the oil tank steamer Rosecrans met death after the vessel went ashore at the mouth of the Columbia yesterday was explained tonight by the quartermaster, Fred Peters, who drifted ashore on a plank. According to Peters, Captain Johnson of the Rosecrans remained to the last at his post directing and cheering the crew, although he was suffering from a broken leg.

There were eight men on duty at the time of the disaster and twenty-eight men were in their berths. The night was a wild one and in the storm the man at the wheel, according to eters, mistook the north headlight for the lightship which is anchored off the Columbia, and steered the vessel upon the rocks.

"The backbone of the Rosecrans was broken and there was nothing to do but wait," said Peters. "Efforts to launch the lifeboats were futile. The wind and waves broke them from their lashing before any of the crew could man them. The men waited calmly for the death that appeared inevitable.

Captain Johnson stood at his post directing the crew, although his leg had been broken by a falling spar."

Peters had just talked with Captain Johnson when a big wave washed over the ship, carrying him overboard. He grasped a floating plank and rode it for five hours before he finally drifted ashore.

GOVERNMENT PROBES LUMBER "TRUST"

Testimony Brings Out Some of the Means to Harrass Mail Order Houses.

Chicago, Jan. 8.—At to day's session of the government inquiry into the so-called lumber "trust", "white and black books", telling retail lumber dealers how to "bust" mail order houses, which are said to have been sent out by the trust were in evidence. Some of the means of harrassing the mail order houses were:

Ask for catalogues at least once a week and have friends write requests for them.

Send many small orders and make as many complaints as possible. Send requests for catalogues in as many languages as possible.

Watch local freight houses and paste stickers on mail order shipments warning recipients that if they wish the support of local business men they must support them.

The goverament alleged a prize was offered for the largest number of catalogues collected by one dealer.

GIVES INSTRUCTION TO CLASS OF COUNTY AGENTS

Secretary Wilson Acts As School Master for Men Who are to Demonstrate Agriculture.

Washington, Jan. 8.—Acting in the capacity of a "school master" secretary of agriculture Wilson gave a practical lesson in farm demonstration work to a class of 150 county agents. It was the first meeting of these agents who are starting on the farm demonstration work authorized by congress in the Northern states.

The work is new to the "students" and the secretary told them how the farm demonstration work had started in the south under the late Dr. S. A. Knapp as a result of which farm production in that section had enoromously increased. The same kind of work is to be begun in northern states and the department of agriculture has the task of training county agents in the new work.

HOCKIN MAY APPEAL.

Indianapolis, Jan. 8.—An attempt to induce Herbert S. Hockin, one of the thirty-three labor leaders convicted in the "dynamite conspiracy," to appeal from the sentences imposed by the federal court here, will be started tomorrow. At a conference of Hockin's attorneys, J. L. McClory, acting secretary of the International Association of Bridge and Structural Iron Workers, and Mrs. Hockin, today, it was decided to instruct Chicago attorneys to petition the Chicago court of appeals to add Hockins' name to the list. It had been announced he would not seek his release pending the appeal of the cases.

ADRIANOPLE MAY BE SURRENDERED

Capitulation is Believed Probable Within a Few Days

AWAIT AMBASSADORS

Delegates Keep in Close Touch With Ambassadorial Conference Discussion

DEPEND ON WILL OF POWERS

LONDON, JAN. 8.—The capitulation of Adrianople will in the opinion of the Balkan plenipotentiaries, take place within a few days, either directly to the beseiging forces or through the European pressure.

Pending some fresh development the Balkan delegates are keeping in the closes touch with the ambassadors because they are aware that some of the questions they most at heart depend almost entirely on the will of the powers.

Meanwhile the ambassadorial conference is doing little, hoping that the Adrianople difficulty will solve itself, in some manner and thus make interference by the powers unnecessary. More-over, the action of the ambassadors is hampered by the previous agreement that they must be unanimous in any decision requiring active interference.

Should the fall of Adrianople still be delayed now that the conference is suspended it might become imperative for Europe to intervene; otherwise Europe would lose the prestige entitled her to dictate her will in smaller matters, such as creating an autonomous Albinia and partitioning the Aegean Islands.

One suggestion is that, failing a better solution, Adrianople might be ceded to the powers who could transfer it to the allies after permitting the Turkish garrison to depart with the honors of war, and guaranteeing other conditions as the reservation of religious and property rights to the Turks and the creation of certain courts for the trial of civil suits arising between the Mussulmne.

Some of these among the advanced section of the allied delegates are of the opinion now that they have paved the way for the explusion of Turkey from Europe, the powers ought to complete the work by removing Islam from Constantinople and transforming the Turkish capital into an autonomous city under European control and that they should study some system with the object of giving a real civilized government to Asia Minor. If such steps are not taken they declare that before long there will be a repetition in Asia Minor of what has just occurred in the Balkans. One of the gravest aspects of the situation as unbiased observers view it, is the failure of Austria to give any sign of demobilization in spite of Servia's sacrifices for a peaceful solution, Servia even going so far as to evacuate the Adriatic coast. Austria's action, in the opinion, is explained by the fact that Emperor Francis Joseph, owing to his advanced age, has practically abdicated the direction of affairs to the Crown Prince. The prince is entirely in the hands of the most reactionary elements, who are strongly opposed to the ressurection of the Servian and Slav races, and wishing to take advantage of Europe's desire to avoid a great war are imposing unjust conditions both on Servia and Montenegro.

WOMENS' DEMOCRATIC LEAGUE IN WRANGLES

Washington, Jan. 8.—Jockeying over the seating of certain delegates from district leagues and the national league became so protracted at the session of the Womens' National Democratic League to day that the election of officers had to be postponed until tomorrow.

TO OBSERVE ANNIVERSARY OF BATTLE OF NEW ORLEANS

Washington, Jan. 8.—Representative Dupre of Louisiana, today introduced a bill for the celebration of the one hundrtdth anniversary of the battle of New Orleans, January 8th, 1815. The bill provides for a permanent memorial of that event and calls for an appropriation of $250,000.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.

Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. The disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Prof. Sabouraud, of Paris, France, innoculated a rabbit with Dandruff germs, causing it to become totally bald in five weeks' time. To rid the scalp of these dangerous germs it is necessary to apply Newbro's Herpicide.

H. L. Hunt,
Manager of the Grand Opera House.

Manager Hunt of the Grand Opera House is making a name for the Grand Opera House by the remarkable business he is doing. Affairs are not very lively in the theatrical world as a whole just now and many companies on the road are playing to poor business, but Mr. Hunt manages matters so that there are always audiences at the Grand. He has introduced some famous vaudeville prices here and has given for five and ten cents what the cities can offer at much higher prices.

The latest venture, however, Manager Hunt has put on or rather is putting on is the presentation of "Billy" Clifford and his big musical comedy company Saturday afternoon and night at popular prices. This same organization is appearing this week in Springfield, Bloomington and Peoria at prices ranging from 50c to $1.50. Mr. Hunt bought the show for Jacksonville at a fixed price and win or lose he is going to open the house Saturday at these startling prices, matinee, 10 to 25c; night, 25 to 50c. The people will be sure to appreciate the favor Manager Hunt is showing them in giving this standard musical attraction at these popular prices.

FIGHT SABRE DUEL.

Buda Pest, Jan. 8.—Count Stephen Tisza, president of the lower house of the Hungarian parliament, fought a duel today and succeeded in wounding his man. Count Tisza's opponent was Count Aladar Szechenyi. The weapons were sabres, and Count Szechenyi was wounded in the head. Count Tisza was not hurt.

The duel arose out of a declaration made in writing by Count Szechenyi, it was thought an error that he recently acknowledged Count Tisza's salute.

FEEL NO ANXIETY FOR REPAIR SHIP PANTHER

Washington, Jan. 8.—Navy department officials said to day that no apprehension is felt for the safety of the repair ship Panther, which left New York last Thursday for Guantanamo, Cuba, in which port she was due tonight or tomorrow. They pointed out that it is not customary for such a vessel as the Panther to report to the deparment between the time for sailing and arrival at destination and added that no fear would be felt should the craft fail to reach Guantanamo for a day or two. They say that owing to the heavy seas which the Panther must have encountered, it would not be strange if her progress had been impeded. With the Panther is the Tug Sonoma.

At a late hour no report from the Panther had been received here.

POLITICIAN PASSES AWAY.

Chicago, Jan. 8.—Patrick J. Devlin, newspaper man and a widely known Democratic politician died at his home here today. For many years he was associated with Chicago newspapers in different capacities when on campaign was in progress but as soon as the speakers began to take the stump Devlin always laid down his pen and got into the fray. He served as both publicity man and speaker. It was his boast that he knew more men in the state of Illinois than any other man living. Several time he was a candidate for minor state offices. His last political move was the bringing out of the Secretary of State Harry Woods.

LITTLE FIGHT IN IOWA.

Des Moines, Ia., Jan. 8.—Lack of a fight, either for the senatorship or for important legislative offices is given as a reason for the late arrival of members of the thirty-fifth Iowa legislature in this city. Two years ago at this time, all but two or three members of the houses were here and the struggle over the candidacies of W. S. enyoKn and Senator LaFayette Young was at its height. The battle for the speakership is the only contest apparent at present. The two candidates, William Larrabee, Jr., and John Jacobs, have not yet made their appearance in the city.

AN OLD INDIAN REMEDY

S. S. S. is one of the oldest of medicines; it was prepared and used by the Indian Medicine Man hundreds of years ago in the treatment of all blood disorders. Of course it did not then bear its present name, but the formula for compounding it was just what it is today, and its results then as now, entirely satisfactory to those who used it. S. S. S. is made entirely of roots, herbs and barks without the addition of a particle of mineral. It is the widest known and the best acting blood purifier before the public today. This great remedy cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Specific Blood Poison and any and all blood infections and impurities. No one need fear to use S. S. S. It is perfectly safe for any system, and its fine vegetable tonic effects especially recommend it to all weak, debilitated persons who may be in need of a blood purifier. S. S. S. goes into the circulation and removes every particle of impurity, humor or poison from the blood. S. S. S. acts most pleasantly and beneficially on the stomach, assists in toning up the digestive members, and contributes in every way to the blessing of strong robust health. Write for free book on the blood and any medical advice you wish. S. S. S. is sold at drug stores.

FIVE PUBLIC SALES WERE HELD WEDNESDAY

Attendance at Various Auctions Was in Keeping With Weather Conditions and Everything Sold Brought Satisfactory Prices.

The public sale of A. E. Williamson, who resides one-half mile east of the county poor farm, was held Wednesday. There was an unusually large crowd present and everything sold well. Horses brought from $85 to $165. One pair of horses brought $327 and was purchased by John Pate. Cows brought from $62 to $71, calves $20 to $29, brood sows $26.50 to $28.50, fall shoats $4 to $6, threshed oats 38½c per bu. Implements brought satisfactory prices.

Mr. Williamson will move his family to Jacksonville today and will reside at 524 South Diamond street. He will engage in the coal business with Clarence York. Walter Beddingfield has rented the Williamson farm.

J. G. Cox was the auctioneer and August Woltman, clerk. The Ladies' Aid society of Ebenezer church furnished a splendid lunch.

W. W. Crabtree Sale.

The public sale of W. W. Crabtree, who resides near Orleans, was held yesterday, with a good buying crowd in attendance. J. E. Wright and son, C. Justus Wright, were the auctioneers and W. B. Wright acted as clerk. Marcus Hulett purchased a team for $417.50, John Holly a horse for $162.50, H. Davies a horse for $147.50, Lester Reed a horse for $135. Calves brought from $22.50 to $32, cows $45 to $70, shoats $6.75 to $8, corn in the crib 39c. The entire sale amounted to $2,500.

Frank Laurent Sale.

The crowd was not so large at the Frank Laurent sale held Wednesday at his home, three miles north of Orleans, but everything commanded splendid prices. Twelve span of mules were sold under the hammer. One pair went to Chris Horrer for $345 and the other five spans to Andrew Harris at the following prices: $320, $375, $400, $442.50, $467.50. George Wheeler bought a horse for $142.50 and Andrew Harris three plug horses, two for $50 each and one for $37.50.

Cows brought from $40 to $56. Ten thousand bushels of corn was sold. Robinson Bros. purchased 1160 bushels for 40c per bushel and the remaining was purchased by Charles Graff for from 37c to 40c per bu.

Jerry Cox acted as auctioneer and Charles Graff as clerk. Lunch was served by August McNeal of Sinclair. The Robinson Brothers will rent the farm for the coming year.

George Hardwick Sale.

George Hardwick, who resides near Merritt, Scott county, held a public sale of stock and household goods Wednesday. There was a big crowd present and prices were average. Horses brought from $80 to $171, cows from $20 to $21.50, fall pigs $2.70 per head, corn 41c per bu., oats 33c per bu., sheaf oats 39c a dozen, baled hay 70c per bale. Brown Leghorn hens were sold at 75c a piece. Household goods and farming implements found ready buyers and in every way the sale was satisfactory.

Charles Taylor of Chapin acted as auctioneer and the clerks were B. F. Green and Norman Campbell. The Ladies' Aid society of the Merritt Methodist church served lunch and realized a neat sum.

Mr. Hardwick has rented his farm to Thomas and Lawrence Murray and he expects to accompany his father, Thomas Hardwick, and sister, Mrs. Sallie Simpson, to New Orleans, where they will spend the winter. Miss Louise Leach, a relative and daughter of Edward Leach, will also make the journey south, and the family intends to depart next week.

STILL ANOTHER OPINION.

Editor Journal—

I notice a difference of opinion regarding the time when the Phelps & Osborne building was erected. It was put up in 1866 but not plastered till the next year as the mortar froze and was put in the cellar and in the spring of 1867 thawed out by a store. The Mathers & Wadsworth building on the south side of the square on the spot now occupied by the Woolworth Co. 5 & 10c store was also built in 1866.

The foregoing are the memories of an Irishman.

Best Cough Medicine for Children.

"I am very glad to say a few words in praise of Chamberlain's Cough Remedy" writes Mrs. Lida Dewey, Milwaukee, Wis., I have used it for years both for my children and myself and it never fails to relieve and cure a cough or cold. No family with children should be without it as it gives almost immediate relief in cases of croup." Chamrerlain's Cough Remedy is pleasant and safe to take, which is of great importance when a medicine must be given to young children. For salt by all dealers.

Semi-Annual Remnant Sale

Short Lengths of Silks, Cotton and Wool Dress Goods at Below Actual Cost to Manufacture.

When we began to invoice a few weeks ago we marked down to actual cost every remnant we came across in preparation for this sale But now stock-taking is over we find the accumulation larger than we had expected. Now these remnants must be gotten rid of in short order, and to make sure that this week will mark their exodus we have decided to make an additional reduction of 25 per cent off the marked price, which will be taken off at time of purchase. This brings prices far below the cost to manufacture and is the lowest figure we have ever placed on merchandise of any kind. You will doubtless recognize the urgency of attending this sale at once, as it opens a buying opportunity such as may never occur again in your experience. The merchandise is of this season's manufacture and are clean and desirable in every particular.

FOR NEW CONVERTS.

Rev. and Mrs. S. A. McIntosh Entertain at Meredosia.

The Meredosia Budget has the following account of a reception given for the new converts of the church:

"The M. E. parsonage was the scene of a large and merry gathering of Methodist folks last Tuesday evening when Rev. S. A. McIntosh and wife held a reception in honor of the new converts.

"The rooms were made beautiful by decorations of red bells and fancy paper ribbons festooned in the doorways between reception room, parlor and dining room, and on the walls were noticed several interesting mottoes.

"About one hundred and fifty guests were present to enjoy the pleasures of the evening. Every room in the parsonage, upstairs and downstairs, was filled to overflowing, each crowd being entertained with a special game.

"During the evening music was a source of much pleasure to the guests, several selections being furnished by Mr. Roy McIntosh, a student at Bloomington university and who spent the holiday week with his parents. At the appointed time dainty refreshments were served, which proved a most delightful feature.

His Stomach Troubles Over.

Mr. Dyspeptic, would you not like to feel that your stomach troubles were over, that you could eat any kind of food you desired without injury? That may seem so unlikely to you thatyou do not even hope for an ending of your trouble, but permit us to assure you that it is not altogether impossible. If others can be cured permanently, and thousands have been, why not you? John R. Baker, of Battle Creek, Mich., is one of them. He says, "I was troubled with heartburn, indigestion and liver complaint until I used Chambrlain's Tablets, then my trouble was over." Sold by all dealers.

AT THE GRAND.

A spectacular production of a Grand old opera was given Wednesday evening at the Grand, before a large audience, when the Aborn Opera company presented "The Bohemian Girl". An interesting and prtty romance was carried out in the production and among the chief interpreters in the roles were Blanche Morrison as Arline, whose work this year rivals that of her splendid singing last season. And there was Claudia Albright, late of the Carl Rosa Opera company as the Gypsy Queen; Roy Pilcher, last season leading tenor with Baron Trency as Traddous, Joseph Florian, James Stevens and Augustus Vaughn, each one seeming to have a part that just suited their talents.

In working ou the details of several of the scenes there are employed bands of genuine gypsies, a troupe of whirlwind acrobats and a cavaclade of horses, the latter seen with striking effect in the climax of the first act, where the kidnaping Gypsy chief rides madly bp a troupe of calvrymen. The scene is one of intense dramatic quality and brought forth a big applause from the audience. The company suffered the loss of their scenery last season by fire, but that now carried with the show is unusually elaborate and equiste. The large audience was liberal in applause and seemed well pleased with the production.

In two of the scenes last night Manager Hunt's little daughter Elizabeth appeared as the child and proved a very charming little actress.

URGES REPEAL OF TOLL EXEMPTION CLAUSE

Chicago, Jan. 8.—Repeal of the toll exemption clause of the Panama canal act was urged tonight by Emory R. Johnson, special commissioner on traffic and tolls, in an address before the western society of engineers.

"As between arbitration of the question of the exemption of American coast-wise shipping from the payment of the Panama tolls and the repeal of the toll exemption clause of the canal act, the latter course is the wiser one to pursue," he said.

"If we arbitrate and lose, we must return all the tolls that have been collected and henceforth either charge no tolls or collect the same tolls on all vessels using the canal.

"If we arbitrate and win, we will but have established our right to pursue an unwise policy, a policy indefensible whatever may be our rights under the Hay-Pauncefote treatry."

SUBJECT OF CONSECRATION PRESENTED AT REVIVAL SERVICE

Rev. W. A. Bodell Preaches Splendid Sermon on Important Factor in the Christian Life, at Northminster Church.

The revival services at Northminster church Wednesday night were well attended and the interest was splendid. The chorus choir is gaining favor with the audience and the church is extending a cordial welcome to every one to attend the services.

Rev. W. A. Bodell spoke from the subject of Consecration. He took his text from First Cor. 8-5: "But first they gave their own selves unto the Lord." He spoke in part:

"This is the initial step in the life of consecration. Consecration is the complete surrender of the self to God, the giving up of soul and body to the service of the Master.

"Consecration has often been confounded with other steps in the Christian experience. It has often been strangely confounded with conversion. But consecration is something different from conversion. One may be converted and not be consecrated. It may be simultaneous with conversion, but usually follows it. It is something done by the converted soul.

"In conversion we receive, in consecration we give; in the former we accept eternal life from God, in the latter we offer ourselves in complete surrender to God.

"Consecration is self-devotement to Him because of His self-devotement to us. And if He so devoted Himself to us as to die for us, ought we not so devote ourselves to Him and live for Him. I beseech you, therefore brethren, by the mercies of God that ye present yourselves a living sacrifice, wholly acceptable unto God which is your reasonable service.

"It is something that should be definite. It is not something that needs to be repeated now and then. Consecration is the gift of one's self to God, and a gift once made is not to be taken back. Consecration means that we are no longer our own, but that we belong to Christ who purchased us with His own precious blood.

"It may be a hard step, for it means the death of self, and self dies hard. It is letting God have His way with us; it is not dragging God along our way. It is not so much having God on our side as it is being on God's side. It is not glorifying ourselves in God, it is God glorifying Himself in us. Though it may seem hard, it is the way—and the only way—to high spiritual blessing. Then why should we hesitate Do we not have faith in God that all things work out for good to them that love Him? Are we afraid that He will ask us to do something that we do not want to do? No, for if we are consecrated we will want to do just what He would have us do. Are we afraid that He will ask us to give up what we do not want to give up? No, for we do not want to have what He does not want us to have. It is the diseased eye that winces under the light. It is the consumptive that shrinks from the stethescope, only something wrong in our life can keep us from this blessed step.

"Such consecration is the secret of spiritual power. God gives His power to those who are in line with His purposes. This is the testimony of one who was endued as few have ever been endued." Nothing is clearer than the fact that one receives power from God just in proportion to his self-surrender to God. God cannot fully give Himself to us until we have fully given ourselves to Him. It is only as the sails of a vessel give themselves to the breeze that they receive the power of the breeze. When the wheel is placed in propor adjustment with the stream, it is then that it receives the power of the stream.

"Oh, what could not God do with us if we were fully surrendered to him. He would again show Himself strong in our behalf."

HUMANE LEGISLATION IN WISCONSIN

Madison, Wis. Jan., 8.—With no great issues at stake and no United States senator to be elected the Wisconsin legislature which convened today nevertheless promises to make for itself an important place in the history of the state. With social betterment as a keynote of the legislative program, humane legislation will characterize many of the bills to be introduced. Efforts to establish a system of rural credits to aid farmers, a system of land colonization that will make possible the "back to the land" movement for men with little money; a mothers' pension plan, a minimum wage bill and a proposal to extend the scope of the workingmen's compensation act so that occupational diseases may be cared for, are a few of the measures that will be considered.

SPRING LAKE DECREE SIGNED.

A decree has been signed in the circuit court at Pekin wherein it is agreed that the Spring Lake drainage district shall be opened at the natural outlet at the southerly end of the lake. It is further stipulated that unless a lock is placed at the lower outlet of the lake, the upper canal, the one constructed under the direction of the Illinois canal commission, shall be opened. It provides that the water in Spring Lake shall not be lowered below the shore line, and that the water in the lake proper shall be maintained at a stage which permit navigation by water craft from the outlet of Spring Lake on the south, up to Marshall's Landing. The drainage commissioners are given 120 days in which to make application for permission to build a lock

FUNERAL NOTICE.

The funeral of Mary Brown, daughter of Mr. and Mrs. W. R. Brown, will be held this afternoon at 3 o'clock. The funeral will be private. Interment will be in East cemetery.

DEAN AVENPORT USES VERY PLAIN LANGUAGE

Head of Agriculture College Says it is Hampered by Civil Service and By Requirements to Use Prison Made Goods.

Dean Eugene Davenport of the agricultural college at the University of Illinois recently made a statement before the advisory committee at the college setting forth the facts related below. He cited instances and evidence to show that the work at the college has been interferred with because of the necessity of buying prison made goods and because of civil service. He made the following statements:

In students, faculty, funds and out side interest and support this college and station is as strong as any in the world, but there is one great reason why it cannot become the greatest possible service—the growing disposition of the legislature to class it with and hamper it by, the state prisons. It is condemned to legalized inefficiency. The law takes away from the trustees and faculty their natural right and obligations in management. It prevents them from buying the most suitable equipment at the greatest advantage in the open market and puts a large share of this business in the hands of an otuside body, the board of prison industries, empowering them to make what they please by convict labor and sell it to the university at their own price, regardless of material workmenship or design.

The law does not avoid competition between ocnvict and free labor, for every time the institution buys a prison-made desk or chair it buys one less on the market. The present law empowers the prison board to do the printing of the university and takes away the natural right of the university to issue its literature in a form and with a finish creditable to a high class institution. The law also takes away from the trustees and faculty the power to employ such assistants as are best suited to the university's need.

The evil effects are due in no sense to arbitrary acts of the men who administer these laws. Not the least of these evils is the development of devious by-paths and doubtful subways in order to get business done at all while living in the shadow of the jail.

Prison Made Equipment is Poor.

Out of $5,000 worth of furniture bought on the open market twelve years ago for the agricultural building, only one defective piece was found, and that was promptly replaced free. All of it is in use to very little repair. This furniture cost, elivered, 25 per cent less than the retail price, which means $35 for a five foot roll-top desk, in strong contrast with a $45 desk bought from the prison board four years ago—smaller inferior in design, workmanship and finish, and unfit for a decent office. The prison made wesks are not worth 50 cents on the dollar for actual service; what ever the grade the construction is fundamentally bad.

When Lincoln hall was furnished a year ago the prison board refused to grant a releaase and let university buy the sixty reading tables; neither did it build the tables. It bought the tops in Tennessee, put legs under them and sold them at their own price, and within a year every table split and was shipped back to Joliet to be rebuilt, while they are needed for daily use.

"I have never seen an educational institution so burdened with worthless stuff, most of which must be rebuilt in our shops to be serviceable at all, and we are compelled to pay the highest retail price for goods of this character—and then read reports of the wonderful profits of the prison system. More than half the time and energy we expend in doing business in spent in wrangling with this and other boards put over us to administer laws that operate to our daily disadvantage.

Higher Prices Charged.

Inferior white duck suits were supplied the creamery department at the price of good ones and without remedy. We claim the natural right to designate what we shall buy and what we should pay for it within the range of commercial values, but both privileges are denied us by this law. If the board cannot supply the goods we specify then it should release the job. The board sells us ordinary painters' suits for 75 cents when we can get the same at 50 and 45 cents. The absurdity of these releases is illustrated in that the dean had to spend a number of disagreeable hours in adjusting the purchase of 100 bricks for a tile outlet.

The board has a printing office at Pontiac to teach the trade to the inmates, and the university cannot print so much as a single sheet program without a formal release from this board. The telephone fee often amounts to more than job, to say nothing of the wasted time. So far releases have been secured for the most particular and permanent work the university bulletins. The board has printed the circulars, but now it refuses to release bulletins and insists on printing the soil survey, and moreover directs the station to regulate its output of literature so as to accomodate the conveniences of the reformatory printing facilties. Query: Is the university work to be gauged by the needs or printing facilities of our prisons, or in any

May Stop Bulletins.

way regulated by the prison board.

This is an outrage upon an educational institution of the first rank. If the board compels the printing of the bulletins and soil survey as it seems likely to do, "I shall stop their issue by the experiment station, or shall explain in conspicuous paragraph every issue why the director is oblidged to disclaim all responsibility for accuracy, as well as appearance." In the high grade printing there is no place for apprentices, much less ocnvicts, and the best houses employ only experienced operators.

Dr. Davenport makes thoroughly good his objections, by telling definitely of eight specific ways in which the printing is inferior. The spacing between the words is poor, the proof reading is the worst ever known; corrections marked are not made; in correcting one mistake another mistake is made, and after corrected forms are sent to the press pieces of type fall out and change the report. As an instance: One item of $7,195.44 went to press in correct form; after a few copies were run the figure 7 dropped out and a little later the figure 1, leaving the amount printed $95.44.

In the binding, pages are left out, pages are repeated and pages are turned upside down. Uniform styles of type are not furnished. In an order for bulletin envelopes which the board refused to release it bought $188 worth of goods on the market in order to do $12 worth of printing. And the freight bill was greatly increased by shipping the order in eleven separate lots contrary to instructions. And now the bulletin envelopes are printed with a rubber stamp at the college to prevent such absurd waste. But the prison board prints the university stationery in such an inferior way as to make the faculty ashamed of its use.

Civil Service Just as Faulty.

The civil service requirement was shown to be just as faulty in providing employes for the university; there is great delay; men are sent who do not want the jobs and are in no way fitted for them and the university cannot choose its men but gets only names from an alphabetical list. Before the law went into effect the college and station had a most efficient clerical force; the people in the offices had been employed for their skill and faithfulness. The first effect of the law was seen upon the less competent in their becoming indifference because thy believed themselves no longer responsible to the university.

The dean of one of the other colleges estimated that within fifteen months the efficiency of the office force was reduced 30 per cent. During the seventeen months of this law only three persons now in the service were sent by the commission and these do not include a single permanent laborer on the farm or in the barns. So far as the board have seen men at all they have been a shiftless lot. One man came with a plug hat expecting to be a coachman.

All this means that the state is pursuing a double policy of managing the university by turning over the bulk of the practical management to various commissions and appointed officers knowing little or nothing about a university or its needs.

The fundamental principle is, that no law should stand that permits an appointive officer, much less a whole board charged with a complicated and difficult duty. This principle is always true. The inevitable consequence is first a tremendous additional expense; second, an extremely poor service, in both materials and employes. Third, a gradual lessening of the loyalty of the employes.

Restore Management to Trustees.

The only way to remedy this intolerable and dangerous situation is to undo what has been gradually done and restore the management to the board of trustees who derive their authority directly from the people.

This is not intended as a criticism of the methods of prison management nor the so-called merit system of the civil service, but as a protest against their extension into the domain of education and scientific research.

THREE SERIOUSLY BURNED IN MENARD COUNTY FIRE.

Son and Daughter Injured as They Tried to Save Their Mother.

Three deaths are expected to result from a fire which late Wednesday night consumed theresidence of Mrs. Sol Jackson, five miles north of Petersburg. Mrs. Jackson, her son, Edward, and daughter, Margaret, are in St. John's hospital in Springfield, suffering from serious burns received when the dwelling caught fire from the flying tip of a match, struck by the older woman in an attempt to light a lamp, Mrs. Jackson is an invalid.

The son and daughter succeeded in getting the mother from the house but the flesh on the hands, arms and face of each was burned to a crisp. The mother was frightfully burned about the body. The house, with its contents, was burned to the ground.

Contract to be made from January 13, 1913, to close fiscal year, January 1, 1914. Bids to be made on flat rate and by inch rate. Bids to be made in accordance with paragraphs 54, 1-2, An Act to Amend an Act entitled, "An act to provide for the incorporation of cities and villages, approved April 10, 1872, in force July 1, 1872, and all acts amendatory thereto by adding thereto article."

A certified check of 10 per cent of the total amount of the bid must accompany same, that the successful bidder will carry out the terms of the contract. The council reserves the right to reject any or all bids.

Chas K. Knollenberg,
Commissioner of Accounts and Finances.

GAVE SUCCESSFUL PLAY.

The people of Grace Chapel, Crackers Bend, gave a play Tuesday night entitled "Busy Ladies' Aid" which was a great artistic success though bad weather somewhat interferred with the attendance. Some twenty people were in the play and everything went off in first class manner.

SECRETARY'S NAME OMITTED.

In the report of the installation of officers from Camp No. 912, M. W. A., the name of the secretary, H. H. Vasconcellos, was omitted through error.

BILLY CLIFFORD COMES TO THE GRAND SATURDAY.

Manager Hunt bought Billy Clifford's big show "The Girl, the Man and the Game" for two performances here Saturday afternoon and night and he is thus able to give a $1.50 show at the following prices, matinee 10 and 25c; night, 25 and 50 cents.

Billy is well known to the theatre loving public of this city, and is offering this season an attraction even high above the susual high standard maintained by him, and "The Girl, The Man and The Game" has proven the greatest success of his career, having toured the country for forty weeks the past season, being one of the few attractions that gave universal satisfaction.

It is a mixture of farce and light comedy with musical interruptions of which there are sixteen, and none of which intrude upon the other, and this pleasing combination with all suggestiveness removed, forms the neucleus of a very pleasant two hours of fun and enjoyment. Billy has in his support an exceptionally clever company with a bevy of pretty singing and dancing girls, the scenic and electrical effects up to his regular standard and wardrobe galore that is bright, clean and gorgeous, and there is no doubt that his engagment here will prove one of the most acceptable offerings of the present theatrical season.

There are 18 tuneful catchy song hits of the kind that linger in your mind for any oons.

ITALIAN QUEEN'S BIRTHDAY.

Rome, Jan. 8.—Queen Helena to day celebrated her fortieth birthday anniversary and was the recipient of many presents and messages of greeting from her relatives and the various royal families of Europe. In accordance with the wish of her Majesty the anniversary of her birth is not a state occasion, but is always celebrated by a quiet family gathering at the Quirinal. The Queen is a daughter of the ruler of Montenegro and, quite naturally, it is with a strong feeling of personal interest that she has followed the progress of the stirring events in the Balkans the past few months.

STATE NEWS.

Good Work by Hounds.—A short time since the store of Hanner & Job of Griggsville was robbed of a lot of hides and furs. Securing the dogs of H. C. Stumpfer of Springfield the search was begun and in twenty minutes the goods were found and the supposed thief arrested.

Dynamite Caps Explode.—Charles Sager, a clerk in a store of Genoa, forgot to put away his cigar when getting some dynamite caps for a customer and the result was his left hand was blown off, his face and body were injured and the plate glass windows of the store were shattered.

Bad Electrical Shock. — Harry Swartz of Taluca recently was working on the electric wiring of a building when accidentally 2200 volts passed through his body. He was unconscious a long time but finally recovered. This was the third accident of the kind he had suffered within a few weeks.

Desecration of Altar By Vandale—Vandals desecrated the altar and stole the communion service from the chapel of the Episcopal cathedral of St. Peter and St. Paul in Chicago. The sacred vessels were recovered later in a rooming house and two men were arrested.

Auto Gas Light Tank Kills—Fred Hironomous, forty five years old of Edwardsville was nearly blown to pieces and his house wrecked by the exposion of an automobile gas light tank.

Wedded Sixty-Five Years—Mr. and Mrs. James Hansen of Maulius, Ill., celebrated their sixty-fifth wedding anniversary. They are parents of fourteen children, all living.

Fears Death; Suivides—Haunted by a hallucination that she was starving to death, Mrs. Elizabeth Meyers of Chicago committed suicide in the kitchen of her home by cutting her throat. In one hand she held a roll of bills amounting to $239.

Mt. Sterling Man is Seriously Hurt—C. Huston, a hose coupler in the employ of the Burlington Railroad company at Galesburg lost both legs in an accident.

Two New Banks at Vandalia.—The new Farmers' and Merchants' bank of Vandalia is completed and occupied. It is a beautiful structure and a credit to the enterprise of Vandalia. Vandalia has another state bank, the Commercial having been organized under the laws of the state.

Driven From Church by Fire.—Several hundred men and women who had assembled to attend the celebration of mass were driven to the street today when fire attacked the SS. Peter and Paul Greek Catholic church in South Chicago. The interior of the church had been especially decorated for the orthodox Christian and some of the ornaments caught fire from lighted candles.

Hunter is Shot.—Edgar Wimberly, while out hunting north of Mt. Vernon, was shot in the breast by Will Griffin, who did not know Wimberly was near. He may recover. On Christmas Griffin was out hunting with another fellow and shot off his companion's foot.

Hunters Pepper Farmer.—Five hunters in an automobile near Lee Center fired at the same time at a rabbit, but peppered William Callahan, owner of the land, with shot from his face down to his knees. Callahan was husking corn in the field at the time.

WEST VIRGINIA SENATORIAL CONTEST

Charleston, W. Va., Jan. 8.—With the close of the short special session of the West Virginia legislature and the opening of the regular biennial session today, the contest for United States senator to succeed Clarence W. Watson is on in earnest. The Progressives possess the balance of power in the legislature and as a result former Governor W. M. Dawson who is the West Virginia committeeman of the Progressive party, is believed to hold the key to the senatorial contest. Mr. Dawson's choice for the senatorship is Col. William S. Edwards, a wealthy oil operator of Charleston. Col. Edwards claims to be both Progressive and Republican and is the West Virginia committeeman of the Republican party. There are others prepared to fight for the toga, but at present it looks as though Edwards is on top. Davis Elkins, son of the late Senator Stephen B. Elkins, and Isaac T. Mann of Bramwell, both of them regular Republicans, have been in the running for some time. Former Congressman W. P. Hubbard of Wheeling, former Governer A. B. White of Parkersburg, E. M. Showalter of Fairmont and Judge John W. Mason of Fairmont are others who are looked upon as candidates.

BALDWIN BEGINS SECOND TERM

Hartford, Conn., Jan. 8.—Simeon E. Baldwin was today inaugurated for his second term as governor of Connecticut. The oath of office was taken before the general assembly in joint convention, and an unusually large gathering of prominent citizens of the state. The ceremony was preceded by the usual military display.

At noon the state legislature assembled for its biennial session. The chief measures that are to be brought forward during the winter are: Employers' liability, workingmen's compensation, industrial insurance, registration of legislative agents, repeal of the personal tax law, revision of state banking laws, liberalizing Sunday laws, and bills to promote the welfare of women and minors in industrial and mercantile establishments. Another effort will be made to secure ratification of the amendment to the federal constitution for an income tax.

WHY IT SUCCEEDS

Because It's For One Thing Only, and Jacksonville People Appreciate This.

Nothing can be good for everything.

Doing one thing well brings success.

Doan's Kidney Pills are for one thing only.

For weak or disordered kidneys.

Here is Jacksonville evidence to prove their worth.

Mr. A. Taylor, 680 South West St., Jacksonville, Ill., says: "In view of my experience with Doan's Kidney Pills, I can recommend them for the purposes advertised. I took this remedy for trouble with the kidney secretions and attacks of backache. I was relieved in a short time."

"When Your Back is Lame—Remember the Name." Don't simply ask for a kidney remedy—as distinctly for Doan's Kidney Pills, the same that Mrs. Taylor had—the remedy backed by home testimony. 50c all stores. Foster Milburn Co., Props. Buffalo, N. Y.

EASTER COMES EARLY.

Easter will come earlier this year than in any year since 1856, falling on March 23. It is also earlier than will come again for 100 years. The earliest date that Easter can fall is March 22, but that hasn't happened since 1818. The rule for fixing the date of Easter originally was the Sunday following the first full moon after the spring equinox. The equinox falls on March 21. According to a ruling of the council of Nice, if March 21 is a Saturday and there is a full moon on that day, the following day will be Easter. This year March 21 will be Friday and there will be a full moon Saturday.

The Great Teco Brand Flour

Self Rising Buck Wheat and Pan Cake

These flours contain buttermilk reduced to a powder and combined with malt. They require no milk in the mixing, but are made in a minute by adding a little water. The malt adds to the flavor of the pan cake and makes it more easily digestible. Large package 10c

Fires In Jacksonville

Monday's Courier had the foliowing:

ROOF CATCHES FIRE

"Saturday evening the roof of the residence of Newton Sargent at 350 West Court street caught fire about 6:30 o'clock, burning a small hole. The fire department was called, but a Babcock extinguisher was used by a member of the department in putting out the fire."

Tuesday's Journal tells of a fire at 302 North East street., caused by a coal oil lamp, at which a woman was badly burned. The Journal says: "In the meanwhile the fire department was called and extinguished the fire with the chemical."

Only lack of information prevents EVERY HOME having its own Babcock. The cost is small; anybody can use it; it is always ready. There is nothing secret about it, and if you call at our office, 110 South West street, we will be glad to explain it to you fully.

Other members of my family have used them with similar results." Take at the first sign of kidney trouble." —City Drug Store, J. A. Obermeyer.

FIRE AT CAPPS MILL.

Yesterday afternoon about 4 o'clock fire broke out in one of the buildings of J. Capps & Sons Clothing Factory. In conversation with J. G. Capps it was learned that the fire started from a short circuit of the electric wires that run the elevator motor. This started the top of the elevator shaft. Fortunately the automatic sprinklers extinguished the flames before they got beyond control and the fire damage will be small. The principal loss was from water.

For a while it looked as if there might be some danger of a panic among the employes. The fire occuring in the elevator shaft of course disabled the elevator. The employes however, managed to come down either by the fire escapes on the outside of the building or by the stairways without any confusion.

An alarm of fire was sent from a box in to the department immediately on the discovery of the fire, but there was no response. It seems that the alarm box was not working. Chief Woods says the boxes have not been in satisfactory condition for a long time.

HINTS FOR THE HOUSEKEEPERS.

Keep Foley's Honey and Tar Compound always on hand, and you can quickly head off a cold by its prompt use. It contains no opiates heals and soothes the inflamed air passages, stops the cough, and may save a "big doctor's bill. In the yellow package.—City Drug Store, J. A. Obermeyer.

Chamberlain's Cough Remedy.

This remedy has no superior for coughs and colds. It is pleasant to take. It contains no opium or other narcotic. It always cures. For sale by all dealers.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

METAL SHARES ARE ONLY ACTIVE STOCKS

COPPER SHARES DEPRESSED BY LARGE SUPPLY ON HAND.

Steel Also Showed a Sagging Tendancy—Movement Among the Favorite Speculative Mediums Was Unusually Narrow.

(By Associated Press.)

New York, Jan. 8.—Copper shares were depressed today by unexpectedly large increases in the stocks of the metal on hand, which was disclosed in the producers' statement for December. Steel also showed a sagging tendency, at one time selling off a point. Aside from the metal stocks, the movement among the favorite speculative mediums was unusually narrow, with a heavy undertone toward the close. Holders of stock showed little desire to sell at present prices and bear traders were equally reluctant to undertake new adventures. Easy money conditions and the cheerful tenor of the foreign advices, which had been cited as recent sourses of strength, were ignored today and the market was dull. With the decline of activity in the leaders there was a diversion of speculative interest to less prominent stocks, a number of which included peroleum and rubber shares, developed strength. Beet sugar sold three points above its low price of yesterday and Western Maryland issues, having discounted the passing of preferred dividend advanced sharply.

The increase of more than 19,000,000 in copper stocks was larger than had been forecasted and the amount of themetal now on hand is the largest since November, 1911. Small sales have been reported recently below the price of 13¾c,which has been quoted for some time There was a further break in the foreign market.

Following yesterday's engagement of $1,000,000 gold for export, announcement was made today of the engagement of all similar amount. Although the rise in foreign exchange rates has been pronounced, quotations still are below what is regarded as the export point and shipments of gold abroad under these conditions is looked upon as in the nature of a special transaction.

CHICAGO GRAIN MARKET IS DULL

MARKET FLUCTUATES NARROWLY AND CHANGES LITTLE.

Prostrated Telegraphic Service Curtailed Business—Wheat and Corn Show Little Change at Close—Oats Were Slightly Easier.

(By Associated Press.)

Chicago, Jan. 8.—Three-eighths of a cent covers the fluctuations of the dull grain markets today, closing prices being without material change from yesterday's. Provisions were slightly more active and prices moderately higher. Prostrated telegraph wires curtailed business.

There being no news of importance as affecting the wheat market, the pit was left largely to the whims of professional traders, who played rouge et noir with it, moving from bull to bear with great agility, and almost no purpose. The result was diagnosed as a "narrow," choppy and unreliable" market.

The story of corn was the story of wheat retold. Handlers of the spot article were unable to get reports regarding over-night conditions and stagnation resulted. Prices were a shade down at the close, but the undertone was firm.

Oats were slightly easier. Cash traders hedged, selling May, which, however, went to local traders. Provisions were firm and active on a small run of hogs and a sharp commission house demand. Receipts at the stock yards were curtailed by the storm. One thousand tierces of lard and 50,000 pounds of ribs were delivered on January contracts.

MEMBERS OF CENTRAL CHRISTIAN CHURCH HOLD ANNUAL MEETING

Officers Elected for Ensuing Year—Passing Year Has Been a Most Successful One.

At the annual meeting of Central Christian church, which was held Wednesday evening, reports of the various organizations of the church were given and officers for the ensuing year were elected. The reports show the church in a flourishing condition and while the membership for the year has been increased by the addition of only one member, the church is united and aggressive and looks forward to the new year with great expectations.

The meeting opened at 7:45 o'clock with devotional exercises and A. C. Rice, chairman of the official board presided. E. E. Elliott of Kansas City led in devotional exercises. Mr. Elliott is secretary of the Brotherhood of the Disciples of Christ, and is making a tour in the interest of that organization. He gave a short talk at the meeting in which he told of a visit to Los Angeles, where he called on Rev. R. F. Thrapp, formerly a pastor of the local church, and told of the work that Mr. Thrapp is doing in that city.

The first report to be heard was that of the pastor, Rev. Clyde Darsie, who has just completed his first year's work as head of the church. He reported 120 sermons, twelve special addresses, forty funerals, nineteen weddings and read the names of seventeen members who had died during the year, which follows: Mrs. N. J. Moore, Jeanette Baker, Mrs. Ellen McCullough, Mrs. John C. Pyatt, Mrs. Helen MacHenry, Sylvester McCool, Samuel C. Brockman, Miss Mary Floberg, Mrs. Anna Myers, Miss Cora Dewees, Mrs. Kelley, W. D. Henry, Mrs. Smith Ball, Mrs. Ella W. Dodge, W. C. Paine, Miss Rebecca Whiting and Mrs. Harry Summers. He also read the name of Mrs. Lydia C. Simmons, whose funeral is to be held today. George Harney for the board of elders and George T. Douglas for the board of deacons reported the routine work of the year.

D. Rees Browning, the church clerk, reported forty additions by confession and baptism, twenty-three by letter and six by statement and also reported fifty-one withdrawals by letter and seventeen by death. The report of Miss Mary Dewees, the treasurer, showed that during the year $2,961.12 were collected for missions and $7,825.52 for home expenses, making a grand total of $10,286.64. This is not entirely complete as some of the societies of the church have not made their reports. The sum collected for home expenses is larger than has been collected for some years.

The report of the building committee was made by Mr. Browning and it showed that the money to pay off the balance of the building indebtedness, which amounts to $1,750, has been pledged and about $1,000 of that amount is in cash. It was proposed by the members that when the entire debt for the building is wiped out a congregational supper be held, but nothing was definitely decided.

The report of the Bible school was made by the superintendent, C .L. Mathis, and the Treasurer W. L. Shibe; the Y. P. S. C. E. by Ellis Spray; the Pastoral Helpers by Mrs. Felix Simms and in the absence of Mrs. W. J. Fell she also reported for the Aid society No. 2; Aid society No. 1, by Mrs. F. M. Ferguson, Business Men's Bible class, J. R. Watt; South Side Mission, Mrs. Felix Simms and the C. W. B. M. by Mrs. W. T. Clarkson.

Officers elected for the ensuing year follow:

Clerk—D. Rees Browning.

Financial secretary—Miss Mary Dewees.

Elders—A. C. Rice and J. R. Watt.

Deacons—S. P. Carter, Homer Cully, C. H. Martin and Howard DePew, newly elected, and the following were re-elected: W. T. Clarkson, C. R. Taylor, W. L. Simpson and L. F. Jordan.

The report of the nominating committee for elders and deacons was made by Frank Byrns and it was adopted unanimously.

DR. BOWE GIVES ADDRESS ON INFECTIOUS DISEASES

Speaks Before Parent-Teachers Meeting at the Lafayette Building—Will Address Association Later at High School on Same Subject.

A parent-teachers' meeting was held Wednesday afternoon in the First ward and at the Lafayette building. A representative audience was present and the speaker of the afteroon was Dr. Edward Bowe. Mrs. E. J. Howells acted as chairman of the meeting and preceding the address, Miss Dorothy Hitte was heard in a vocal solo. Dr. Bowe had for his subject "Infectious Diseases." In part, he said:

"The medical profession today holds no secrets from the laity. Their practice is based upon plain common facts and contains nothing of mystery or legerdemain." He then traced the history of the theory of bacteriology. Showing that, while the authorities were disagreed as to animal corpuscles as long ago as 600 B. C., the actual working out of the theory is of comparative recent date. Lister Pasteur and Krebs were active in demonstrating the theory that all contagious diseases are carried by agencies from without, rather than from within the human body. We take disease mildly or severely, according to the degree of immunity, which our systems possess. This immunity is partly inheritated from our ancestors and partly from reasons of proper living.

Experiments made upon guinea pigs shows conclusively that those which are well fed and well housed are less susceptible to contagion than those which are poorly nourished and cared for. The same is true of human beings, underfeeding, overexhaustion and worry all lessen our power of resistance to disease. Dr. Bowe dwelt particularly upon antitoxin, its discovery and nature; its use in the treatment and the prevention of infectious diseases.

The next meeting will be held sometime during this month in the high school building, at which time all wards will take part. Dr. Bowe will continue his address at this meeting, giving consideration to some special contagious diseases.

At the meeting yesterday the audience had occasion to use the new lights of the buildings which were installed through the special efforts of the parent-teachers' association.

QUICK RELIEF FOR RHEUMATISM.

George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Allcott, druggist.

NEW ALTON TERMINAL.

An appropriation of $726,000 has been made for the competition of the work of building the new Glen yards the proposed new terminal of the Alton and this work will be started as soon as rails are procured and delivered. Division Engineer Stelle has been instructed to purchase rails at once and he has taken up the matter. The appropriation calls for the building of approximately sixty miles of track in the new yard and a possible forty more during the following year and it is hoped to have the yeards ready to transfer the terminals from Brighton Park in Chicago to Glenn early in the year 1914. Besides the new yards a complete terminal will be constructed consisting of a large roundhouse 100 foot turnable and auxiliary shops to care for cars and engines. The moving of the yards to Glean will also cause the growth of a small community in that vicinity and will present changes for several men in the line of restauants and hotels to care for the road men.

The above appropriation makes a total of several million that the Alton has already had approved for improvements over its line and the Lawadale elevation work which will figure in the neighborhood of a million dollars is expected to be gotten underway during the summer. The above money with the $600,000 required for the thirty new engines that have been ordered will greatly eat up the $4,500,000 of bonds already sold under the new issue as the improvement work in other departments over the line has taken a great deal of money.

CUT THE HIGH COST OF LIVING.

W. H. Chapman, Winnebago, Neb., tells how he did it. "My two children had a very bad cough and the doctor's medecines did them no good I got a bottle of Foley's Honey and Tar Compound, and before it was all used the children were free and cured of their cough. I saved a doctor's bill for one 25c bottle of Foley's Honey and Tar Compound." No opiates.—City Drug Store, J. A. Obermeyer.

LONE PROGRESSIVE LAWMAKER.

Jefferson City, Mo., Jan. 8.—With the Democrats in overwhelming control, the Missouri legislature assembled for its biennial session to day, meeting in the temporary structure which is to house the State offices during the construction of the new Capitol. The membership of the house includes one Progressive, J. H. Somerville of Mercer county, and if precedent is followed he will be the floor leader of his party and will be entitled to membership of every committee. Home rule for cities, amendments to the State primary law, and the direct election of United State senators are among the important measues to be brought before the legislature this session.

COST OF STATE FIRES.

Flames Total a Loss of Over a Million Dollars in December.

Fire damage within the state of more than $1,000,000 for the month of December, last, was reported from the office of Acting Ffre Marshal Morgaridge Wednesday in the department's monthly statement. In all 869 fires were reported.

Statistics on the fires follow:

Outside Chicago—Value of buildings, $1,154,271; damage to buildings, $424,099; value of contents, $648,516; damage to contents, $277,104; insurance on buildings, $910,753; insurance on contents, $328,192; number of fires, 492.

In Chicago—Value of buildings, $5,405,975; damage to buildings, $109,485; value of contents, $3,852,625; damage to contents, $265,146, insurance on buildings, $2,146,350; insurance on contents, $1,100,075; number of fires, 377.

Counties from which no fires were reported were Alexander, Mason, Calhoun, Kendall, Pulaski, Schuyler, Hardin, Boone, Marshall, Pone and Randolph.

Outside the classification of "unknown" causes, sparks were responsible for the greatest number of fires outside of Chicago. The incendiary class included seventeen cases.

In Chicago matches were held to blame for the greatest number of fires next to those of "unknown" origin. More dwellings than any other class of buildings were burned.

HEADACHE?—IT'S YOUR LIVER.

Too Many People Take Headache Powders When a Liver Tonic Is Needed.

Try Olive Tablets—the Substitute For Calomel.

Anyone who takes Dr. Edwards' Olive Tablets the moment he suspects his liver or bowels, will never have headache.

There is no necessity, when you take Olive Tablets, of following them up with nasty, sickening, griping salts or castor oil, as you should after taking calomel.

Olive Tablets do not contain calomel or any other metalic drugs; they are a purely vegetable compound mixed with olive oil, sugar coated ,easy to take, and never gripe or cause weakness.

Thousands of people take one every night at bedtime just to prevent disorder of the liver, constipation, bad breath, pimples, headache and etc.

Dr. Edwards, calomel's old enemy, discovered the formula of Olive Tablets after seventeen years of practice among patients afflicted with liver and bowel troubles.

Try them for a week. Take one on retiring nightly.

"Every little Olive Tablet has a movement all its own." 10c and 25c per box.

SOME REFLECTIONS FROM NEW YORK'S BIG CHRISTMAS TREE.

Dear Journal: The "Big Tree of 1912 is a thing of the past, but its influence must reach far into the new year. The picture of a huge forest tree, covered with hundreds of colored electric lights, set in one of the breathing spaces in the heart of the great city, will long remain in the memory of thousands of people who saw it. The band playing and carol singing added their part to the message of "Peace, good will toward men." The gift of a large hearted woman who had spared no expense to make it worthy of the great things New York is doing every day. Shop girl, laborer, mother and children, from the dark, dingy home where there are the bare necessities of life, must have looked upon that tree thinking of the human love at least, that was thus radiating out to each one.

But, it was all typical of the New York spirit, whether it be for grandeur and display, or for helping and uplifting the thousonas of human being struggling with the problems of life. The great city's arms of mercy are stretched out just as far as her arms of allurement. In all she does, each effort must be greater than the previous one, partly because the demands increase, and partly because of an irresistable ambition to progress. Being in close touch with the charity, benevolent and reformatory work, your writer knows how large her heart of love and pity is.

The visitor walks up the "great white way" during the alluring hours of the night and sees in the blaze of light and character of the crowd, the unresistable temptations, and wonders if there can be any good anywhere. But let him go during those same hours to the missions on the East Side and see the crowds that throng to listen to the story of the love that is far greater than man's can be; let him go to the Bowery mission at 1 a. m. and see the "bread line" waiting there; then he will realize that the struggle between right and wrong is going on with forces of somewhere near equal strength.

In the midst of this spirit of ambition and progress, one cannot be satisfied to stand still, and there are so many opportunities to enter into the progressive and constructive philanthropic work; the needs also are so enormous, they demand the co-operation of every force for good. Adequate relief for the sick, defective, aged, dependant, crippled, destitute and desolate throngs, does not begin to meet the demand, yet the wealth, as well as personal efforts of millionaires, is holding out a strong arm in this great struggle. Was this not demonstrated in the conception of the biggest Christmas tree that ever was, and in the hearty response by co-operation from many sources?

PREPARING FOR ARMY REORGANIZATION.

Washington, Jan. 8.—A dozen of the highest officials ranking officers of the United States Army met in conference with War Department officials here to day to discuss the details of the extensive plan of reorganization of the army, which will be the last important military action of the retiring administration. The plan, which was first made public last summer, contemplates the abolition of the present army departments and the creation of brigades as units in different parts of the country, all so arranged and proportioned in respect to the various arms of the service as to be capable of concentration at a moment's notice into regular army corps.

The sponsors for the plan of reorganization appreciate the fact that it cannot be carried out except in the face of much opposition. If the departments are abolished it will mean the passing also of a great many small posts throughout the country, a move that would certainly draw forth bitter opposition of many senators and representatives of States and localities in which army posts are located.

MORTUARY

Brown.

Miriam Margery Brown, the three year old daughter of Mr. and Mrs. W. I. Brown of West Independence avenue, died Wednesay morning at 7 o'clock. The deceased was born in this city March 16, 1909 and is survived by her parents, one brother William Warren Brown, and one sister, Frances Alethia Brown. The members of the family will have the deep sympathy of a large circle of friends in their bereavement.

The funeral will be held at Jacksonville cemetery Thursday afternoon at 3 o'clock consisting of brief service in charge of Rev. G. W. Flagge, pastor of Centenary M. E. church. The services and burial will be private.

Reagor.

Mrs. Emily Reagor died at her home, 605 East Lafayette avenue, Tuesday at 6 o'clock. Mrs. Reagor whose maiden name was Emily Hanson was born in Nashville, Tenn., September 5, 1828 and was married to William Reagor at Berlin a number of years ago. Her husband preceded her in death and she is survived by the following children: James Reagor of Berlin, Mrs. Lizzie Brooks of Kansas City, Mrs. Mary Ruble and Mrs. Hanna Read of Berlin, Mrs. Ida Wilson and Miss Lottie Reagor of this city. She is also survived by one brother, Samuel Hanson and one sister, Mrs. Mary Foster both of Island Grove. The deceaed was a member of the Methodist church and was a regular attendant at the services while her health permitted.

The remains will be sent to Berlin this morning at 8:28 o'clock via the Wabash, where funeral services will be held and interment will be made.

Walker.

Alexander Walker, a former resident of this city, died at Our Savior's hospital Tuesday evening at 6:30 o'clock. Mr. Walker had been a sufferer of a complication of ailments for four months and was brought to the hospital here from Beardstown where he had been visiting with his daughter. He was born at Chambersburg Jan. 14, 1856. The deceased came to this city from Versailles a number of years ago and for some time was employed in the local C., P. & St. L. car shops, later being transferred to Springfield. He was married to Miss Sarah Nichols February 3, 1876, pho preceded him in death Feb. 3, 1897. He was also preceded in death by two sons, Orville and Fred. The following children survive: Mrs. Elsie Hatley, Ray C. and Howard L. Walker of this city, Mrs. Lulu Crow of Beardstown and Roy P. Walker of Danville. He is also survived by one brother, Oscar Walker of Mt. Sterling, one half brother Ben Walker of Chambersburg and one sister, Mrs. Anna Mehel of Versailles. The deceased was a member of the Car Workers' union in Springfield and a member of the Versailles Christian church.

The remains will be taken to Versailles this morning at 7 o'clock via the Wabash, where funeral services will be held and interment will be made.

Woodward.

Brief funeral services were held for Mrs. Elizabeth Woodward at the family residence in Chapin at 9:30 o'clock Wednesday in charge of Rev. Frederic Baylis. More extended services were held from the Congregational church at Joy Prairie at 10:30 o'clock, in charge of the pastor, Rev. W. H. Butcher. There was a large assemblage of friends to pay a last tribute of respect to one held in high esteem in the community. For over 67 years Mrs. Woodward had been a member of the Joy Prairie church and the sermon and personal mention of the deceased by the pastor were especially fitting to her long and useful life. Music was furnished by Mrs. F. P. McKinney, Mr. and Mrs. Monte Funk and Milton Matthews. There were many beautiful flowers and these were kindly cared for by Miss Amy Onken and Mrs. Edward Joy.

The remains were laid to rest in the Woodward burial grounds and the bearers were Messrs. John Onken, Frank Burnham, Truman Cowdin, Link Cowden, James Matthew and Walter H. Woodward.

Mackie.

Mr. and Mrs. R. R. Stevenson received a telegram Wednesday morning bringing the sad news of the death of their daughter, Mrs. G. W. Mackie, at a hospital in Pittsburg, Pa., where she had been a patient for a little more than two weeks. The message came as a distinct shock, for while they knew that she was ill no such speedy termination was anticipated. Mrs. Mackie died at 2 o'clock Tuesday afternoon but the telegram announcing her death was in some way delayed and did not reach Mr. and Mrs. Stevenson until 10:30 o'clock Wednesday morning. Her illness began with a cold which developed into pneumonia.

Mrs. Mackie's maiden name was Mae Stevenson and she was born March 27, 1878, at the family home near Little Indian. The days of her childhood were spent on the farm and later the family moved to Jacksonville and her girlhood was spent here. She attended the Jacksonville High school and also devoted a large amount of attention to music. Mrs. Mackie was a capable musician and for a long time was connected with Westminster church choir. She was a member of Westminster church and actively interested in various departments of the work of the church. In spirit she was kindly and her disposition was of that affectionate and cheerful type which gave her a warm place in the hearts of many friends. She was a devoted daughter and since her marriage to Dr. Mackie at Lexington, Ky., Dec. 24, 1908, had been an especially devoted wife. Mrs. Mackie was but 34 years of age and had so much to live for that her going seems hard to explain and her stricken parents, husband and brother will have the deepest sympathy.

The deceased is survived by her husband, Dr. G. W. Mackie, her parents, Mr. and Mrs. R. R. Stevenson, and one brother, Harry Stevenson of Long Beach, Calif.

The remains arrived in Jacksonville Wednesday afternoon and the funeral will be held some time Friday, from the residence, 123 Prospect street. The services will be for intimate and near friends and the hour will be announced tomorrow. Dr. S. M. Morton of Taylorville, a former pastor of Westminster and an intimate friend of the family, will conduct the services.

McElroy.

The funeral services of Rev. W. N. McElroy were conducted Wednesday afternoon at 2:30 o'clock from the family residence and from the First Methodist church in Springfield, Rev. E. B. Randle, pastor of the Laurel M. E. church, assisted by Rev. A. C. Piersel, pastor of the First M. E. church officiating. Services at the residence were private.

The remains were laid to rest in the Oak Ridge cemetery and the bearers were Lee Matheny, Frank Kuhl, Samuel Prather, Nelson Allen, Charles Robinson and M. B. Converse.

FIRE DESTROYS CHURCH.

The Central Christian church of Peoria was destroyed by fire Tuesday with a loss estimated at $35,000. It is thought the fire originated from spontaneous combustion. Only last Sunday $1,500 was raised by popular subsription to pay off the last of the church's indebtedness. $12,000 of insurance was carried on the building.

MAY NOT CHANGE POTTERY TARIFF IS THE BELIEF

Underwood Expresses Satisfaction With Competitive Conditions—Hearing Had Before Ways and Means Committee.

Washington, Jan. 8.—Talk of domestic and foreign varities of low wages and women toilers in industries abroad that enabled strong foreign competition with American enterprises and of capital's great stake in the tariff tinkering, enlivened the hearing on the earthenware and glassware schedule of the Payne-Aldrich law before the house committee on ways and means to day.

It was the first of the two days of arguments on the second schedule of the existing law. A declaration of Chairman Underwood of the committee, the Democratic leader of the house, that he was satisfied with the showing made of the keenly competitive conditions in the pottery industry was accepted as an assurance of an undisturbed pottery tariff.

All the representatives of the different window glass, stained glass and plate glass interests denied the existance of any trust in their particular business. But running through most of the testimony were references to trusts abroad in various lines of capital a constant spectre that stalked on the customs border lines threatening to invade this country if the tariff bars were let down.

HOSPITAL AID SOCIETY.

The Hospital Aid Society will meet at the hospital this afternoon at 2:30 o'clock. This is the first meeting of the year and a good attendance is desired.

THE TEMPERATURES.

The temperatures for Wednesday, according to G. H. Hall, weather observer at Alexander, were: maximum 27, minimum 15.

RECEIVED PAINFUL BURNS

Mrs. Clarence Duckett of Chapin, narrowly escaped a very serious accident recently when the lighting system in her home exploded, setting fire to her clothes. Her son, Donald, heard the cries for help and extinguished his mother's burning clothing with a bucket of water. She was brought Dr. Day's hospital where she is suffering from very painful burns.

POLITICS AND POLITICIANS.

Progressives of Minnesota, Wisconsin, Michigan and the Dakotas are to join in a conference this month in St. Paul.

The first annual convention of the Women s National Democratic league is to be held next week in Washington, D. C.

Seven newspaper publishers will be included in the membership of the United States senate after March 4 next.

William Flinn is arranging for a state convention of Pennsylvania Progressives to be held in Harrisburg some time this month.

Governor Herbert S. Hadley of Missouri is expected to become a candidate for United States senator next year, to succeed William J. Stone.

Vice President-elect Thomas R. Marshall will cease to be governor of Indiana on Jan. 13th, on which date he will be succeeded by Samuel H. Ralston.

To elect by popular vote for a single term of five years every postmaster whose salary is more than $300 a year is proposed in a bill introduced by Senator Bristow of Kansas.

Frank S. Katzenbach of Trenton, who was the Democratic candidate for governor of New Jersey in 1907, has decided to enter the race for the Democratic nomination again next fall.

An interesting fact not generally known is that Virginia, New York and Ohio have held the presidency of the United States more than half the time since the beginning of the government.

Among the candidates already in the field to succeed United States Senator Bradley of Kentucky are former Governor J. C. W. Breckenridge and Representatives A. O. Stanley and D. H. Smith.

Gifford Pinchot, the former United States forester who is generally regarded as th cause of the split between President Taft and Colonel Roosevelt, is said to aspire to the governorship of Pennsylvania.

The Idaho legislature soon to assemble will be called on to elect two United States senators, one for a long term to succeed William E. Borah and the other to fill out the unexpired term of the late Senator Heyburn. It is conceded that Senator Borah will succeed himself, but a spirited contest is in sight for the short term senatorship.

Encouraged by the results of the recent election in Kansas and other states, the advocates of woman's suffrage propose to make the granting of ballot rights to the women a leading issue this winter in the legislatures of Minnesota, North Dakota, Iowa, Montana and other middle and western states where the rights of equal franchise do not already prevail.

THREE DEATHS FROM COLD.

Denver, Colo., Jan. 8.—Three deaths in Colorado are attributed directly or indirectly to the recent cold wave. Mrs. Mary Dingley, aged 75, was found frozen in her bed at Georgetown today.

Mrs. Clara A. Creed, aged 72 of Fort Collins, died today from a stroke of apoplexy brought on by suffering from the intense cold.

George Rule, a farmer, south of Pueblo, was frozen Saturday night after being rendered helpless by having this legs broken in a fall from a bridge.

DUCHESS OF CONNAUGHT ILL.

Ottawa, Ont., Jan. 8.—An official bulletin this afternoon says that the Duchess of Connaught, wife of the governor-general of Canada is suffering from a recurrence of peritonitis, and it was deemed advisable to remove her to the Royal Victoria hospital at Montreal.

Lightning System For Murrayville Held up Till Second Meeting.

The town board of Murrayville held a meeting Wednesday evening, relative to the acceptance of a proposition by the Central Illinois Utility company for the furnishing of lights for the village. The town board was willing to grant a fifty year franchise, but the company's representative and the board could not agree on the time to be allowed before the system was installed and also upon the rate to be fixed. The board wanted the lights within four months and the company did not feel as thought they could furnish them in that short a time. The company also wanted to charge a minimum rate of $1 per light and cheaper if more lights were taken, to each residence, and upon this question there was a debate. Another meeting will be held Wednesday night to further consider the proposition.

HARRISON INVESTIGATES REDUCTION

Begins Inquiry Regarding Reduction in Rank of Officer Who Testified.

Chicago, Jan. 8.—Mayor Harrison today began an investigation of the alleged reduction of Fred Blanchard, a policeman who gave the civil service commission valuable information regarding the workings of the United Police from a plainclothes man to a uniformed officer. Friends of Blanchard allege the action was one due to his testimony.

After being ordered to appear in uniform, Blanchard made affidavits and resigned from the force. His resignation never was sent to police headquarters.

Captain Reily and Lieut. Mullen, superior officers of Blanchard, denied that the patrolman had been ordered out of plain clothes, but said that they had reprimanded him for several burglaries committed on his beat.

DROVE TO FARM IN AUTO.

D. E. Kennedy drove out to his farm near Arcadia yesterday in his automobile. He had difficulty only at one long hill where his tires slipped on the ice. He was half way up before the car began to slip and then he backed down, put on a chain and then made a steady climb. Autoists have certainly had the best of it this season and have been able to use their cars practically all the winter.

Articles taken to the postoffice before 9 o'clock will be delivered before noon the same day and everything left at the office before 3 o'clock in the afternoon will be delivered before 6 o'clock. Postmaster Reeve is gratified at the way the public is getting accustomed to the new method of sending merchandise.

HIGH SCHOOL BOYS VISITED AYERS BANK BUILDING.

Miss Brown Took Senior Students In Manual Training Through New Structure To Study Its Beauties.

There were many visitors again Wednesday at the Ayers National bank, but none were more interested or made a more careful examination of the building than did Miss Anna G. Brown and a class of boys from the Jacksonville High School. The boys about twenty in number are members of the senior class in wood work and wood finishing in the manuel training department of the high school and Miss Brown who had inspected the building several days ago wanted them ti visit it and get into close touch with its beauties and perfection. Miss Brown expressed her opinion of the building very aptly after spending two hours on an inspection trip when she said "the finish is the finest that could possibly have been obtained. The door panels are especially beautiful and show the individuality of the wood perfectly."

Yesterday the boys in charge of a special guide and Miss Brown to lay stress on various points made a very profitable trip through the building and saw from actual observation what can be accomplished by the artistic use of the very woods with which they have been working. Misss Brown who can properly be rated as an expert in such matters thinks that the bank building represents the last word in beauty and durability of construction.

UTILITIES NOT FOR SALE.

A rumor has been current that the Illinois Traction company was about to close a deal of the Jacksonville Street Railway and the gas and electric light plant here to the Economy Light and Power Company, a concern which has acquired the utilities in a number of Illinois cities. F. G. Buffe of the Illinois Traction Company who is now in Jacksonville on a vacation forced by a sprained ankle when asked about the story yetserday said it was without foundation. He said that far from selling any of its properties, the Traction Company had acquired a number of properties in Illinois during the past year and was in the market for more. Mr. Buffe also commented upon the fact that during the past year or two there has been a decided movement along the line of consolidating light and power plants and street railways and mentioned that several companies have been active in the state in buying up these properties.

GOV. BALDWIN IS INAUGURATED

Is Inaugurated Governor of Connecticut For Second Term—Democrats in Power.

Hartford, Conn., Jan. 8.—With the inauguration of Governor Simon E. Baldwin today for a second term, the state administration passed from the Republicans to the Democrats for the first time in many years.

The house nominally is Republican but the senate is Democratic by a margin of fourteen. The presence of eight Progressives in the lower branch gives the Democrats a strategetic advantage in that body.

Governor Baldwin in his inaugural address urged the election of the president of the United States and vice-president of the United States by popular vote, abolishing the electoral college.

On woman's suffrage the governor advocated extension of the franchise to women owning taxable property, as a step toward granting the full franchise.

MAJOR M'CAULEY HAS RESIGNED

Major R. N. McCauley superintendent of the Soldiers Orphans home at Normal has tendered his resignation to the state board of administration.

"The resignation has been received, but pending final action in the matter, the board has extended the superintendent two weeks' leave of absence for purpose of rest. Maj. McCauley is now in a sanitarium at Olney and reports from Olney on the condition of Maj. McCauley say that he is improving every day and will be in good condition to close up the business of the institution to hand over to his successor as superintendent.

"Mrs. McCauley, whose official title is matron of the home and superintendent of schools, will with the consent of the board of administration, remain at the institution until the close of the school year in June.

"It is a rather remarkable coincidence that the resignation of Maj. McCauley should be announced almost on the very anniversary of his going to the home as superintendent. It will be fourteen years next Sunday, January 12 since Maj. and Mrs. McCauley assumed charge of the institution. They have since that time been at the helm continuously, and the changes in the place have been more marked than in any other similar period in its history.

MET WOODSON BAND MEN.

C. C. Jeffries went to Woodson Wednesday evening where he met the members of the Woodson Band and directed their rehersal. A large number of the band members was present and a very profitable rehersal was held. Mr. Jeffries instructed the band last winter and the members will no doubt make an effort to secure his services this year if he decides to remain in Jacksonville.
